Now is the Time

to cultivate your trees, cultivate several inches deep about every two weeks and as soon as the ground dries after rains to hold moisture. Where grass or other crop is grown between trees they must be given extra care and on town lawns watered. The other crop takes the most of the moisture in the ground. Trees on farms should be planted in rows each way as work can be easily and quickly done with horses and a cultivator.

We have all the varieties of Cherry, Plum, Apple and Forest and Shade Trees, Evergreens, Small Fruit Shrubs, Roses and other ornamentals.

GET THE CHEAPEST for a long time usefulness. A TREE IS A PERMANENT INVESTMENT. Get trees grown nearest home. They are acclimated and grown under same conditions you want them to grow, and where they can be had the quickest.

We have 25 acres in our nurseries and 40 acres in our bearing orchard. Write for catalogue or any information.

What do you think of this? We have before us an announcement from the Grand Island Business and Normal College of Grand Island, Nebraska, stating that five hundred young men and women will be admitted in the College next term and given a full course without the payment of any fees until they have time to graduate, then they will be given a position and allowed to pay in monthly installments. This school has a reputation extending over many states and we advise all who are interested to send circulars.

Mrs. Ray Rusk, formerly Ruth Pfunder, is visiting her aunt, Mrs. Kittie Cyphers, returning with her from Norfolk two weeks ago when the latter visited her sister after school closed here. Mr. Rusk is an electrical engineer in Norfolk. Norval Pfunder is now a freight conductor on the Scribner branch. Garnet married H. W. Mitchell, a confectioner, and they are living in Kansas City. Maud married M. H. Swift, an orderly sergeant who is stationed at Ft. Oglethorpe, Ga. Mr. Pfunder is working at the harness business in Norfolk and he and wife are enjoying good health and send regards to Valentine friends.
